Schedule

Every week your child will be learning letters, numbers, shapes, and colors. On Thursdays, they will learn Spanish. Each day your child will have outdoor/indoor play and work together with their classmates in the education centers which include Literacy, Blocks, Art/Crafts, and Dramatic Play. Several times a day they will have fun with music and movement. To end each day we will enjoy storytime together!

All About Me

I am a wife, mom of 2 amazing children (17 & 14) and a dog-mom. I graduated with a Bachelor of Science from Northern Vermont University in 2000. I've spent the last 10 years in the public school system volunteering, tutoring, and assistant teaching at the elementary level. I attended continued education classes at WPU in 2018-2019 for K-12 Education and Special Education. In 2019, I participated in classes through DPI and learned new

techniques in "learning through play" for Early Childhood Education. I am looking forward to meeting your child and being their teacher this year!

My Favorites

Drink - Ice water

Food - Pizza

Book - Harry Potter

Hobbies - Hiking, gardening, reading, and organizing

Color - Pink

Season - Fall

Animal - Dog
