

# Meet the TEACHER

## about me

Hello! I am Ms. Sarah, and I am going to be your 2's teacher this year! I am a proud mama to a six-year-old son and avid animal lover.

For the last three years, I have been working primarily with two-year-olds. They are my peeps! I have an extensive background in Early Childhood education, working with infants all the way to teenagers.

I received my bachelors in Fine Arts, and my graduate degree in Visual Communication. so be prepared for some creativity to come your way! I look forward to the new year and helping your children thrive.
